

BANKRUPT

We're Bankrupt from Budapest, Hungary. We've been around for 27 years. We have a background in Ramones-style melodic punk rock, but over the years we've incorporated various influences from surf to indie rock into our sound.

Our discography is made up of 6 albums (Listen – 2000, Bad Hair Day – 2004, Shorter Than Danny DeVito- 2006, Outsiders – 2016, Trolls In Suits – 2020, Illiberal Holiday -2023), and 4 EPs (Rocket To Riot City – 2008, Razor Wires And Neon Lights – 2009, Rewound – 2011, Goodbye Blue Monday – 2013).

We've received tons of good reviews from around the world and our songs got spins at radio stations from Germany to Alaska. We were featured on 4 compilation records by Cleopatra Records (USA) and our songs also appeared on official Spotify playlists like New Punk Tracks and Punk Unleashed in 2017-2018.

We have played about 400 gigs so far in 9 countries (Hungary, Austria, Germany, the Czech Republic, Italy, Slovenia, Croatia, Serbia and Slovakia), including several festivals. We've shared the stage with some of our idols, including the Damned, the Toy Dolls and Marky Ramone, and our song Come Back Joe Strummer was featured on the website of the Joe Strummer Foundation.
